

Project Name:

# Sales Order Data Dashboard | POWER BI

BY  
GAYATRI BHINGE

# INDEX

1. Introduction
2. Dashboard

## INTRODUCTION

Welcome to the Sales Dashboard project! In this project, I am creating an interactive and insightful Sales Dashboard using Power BI.

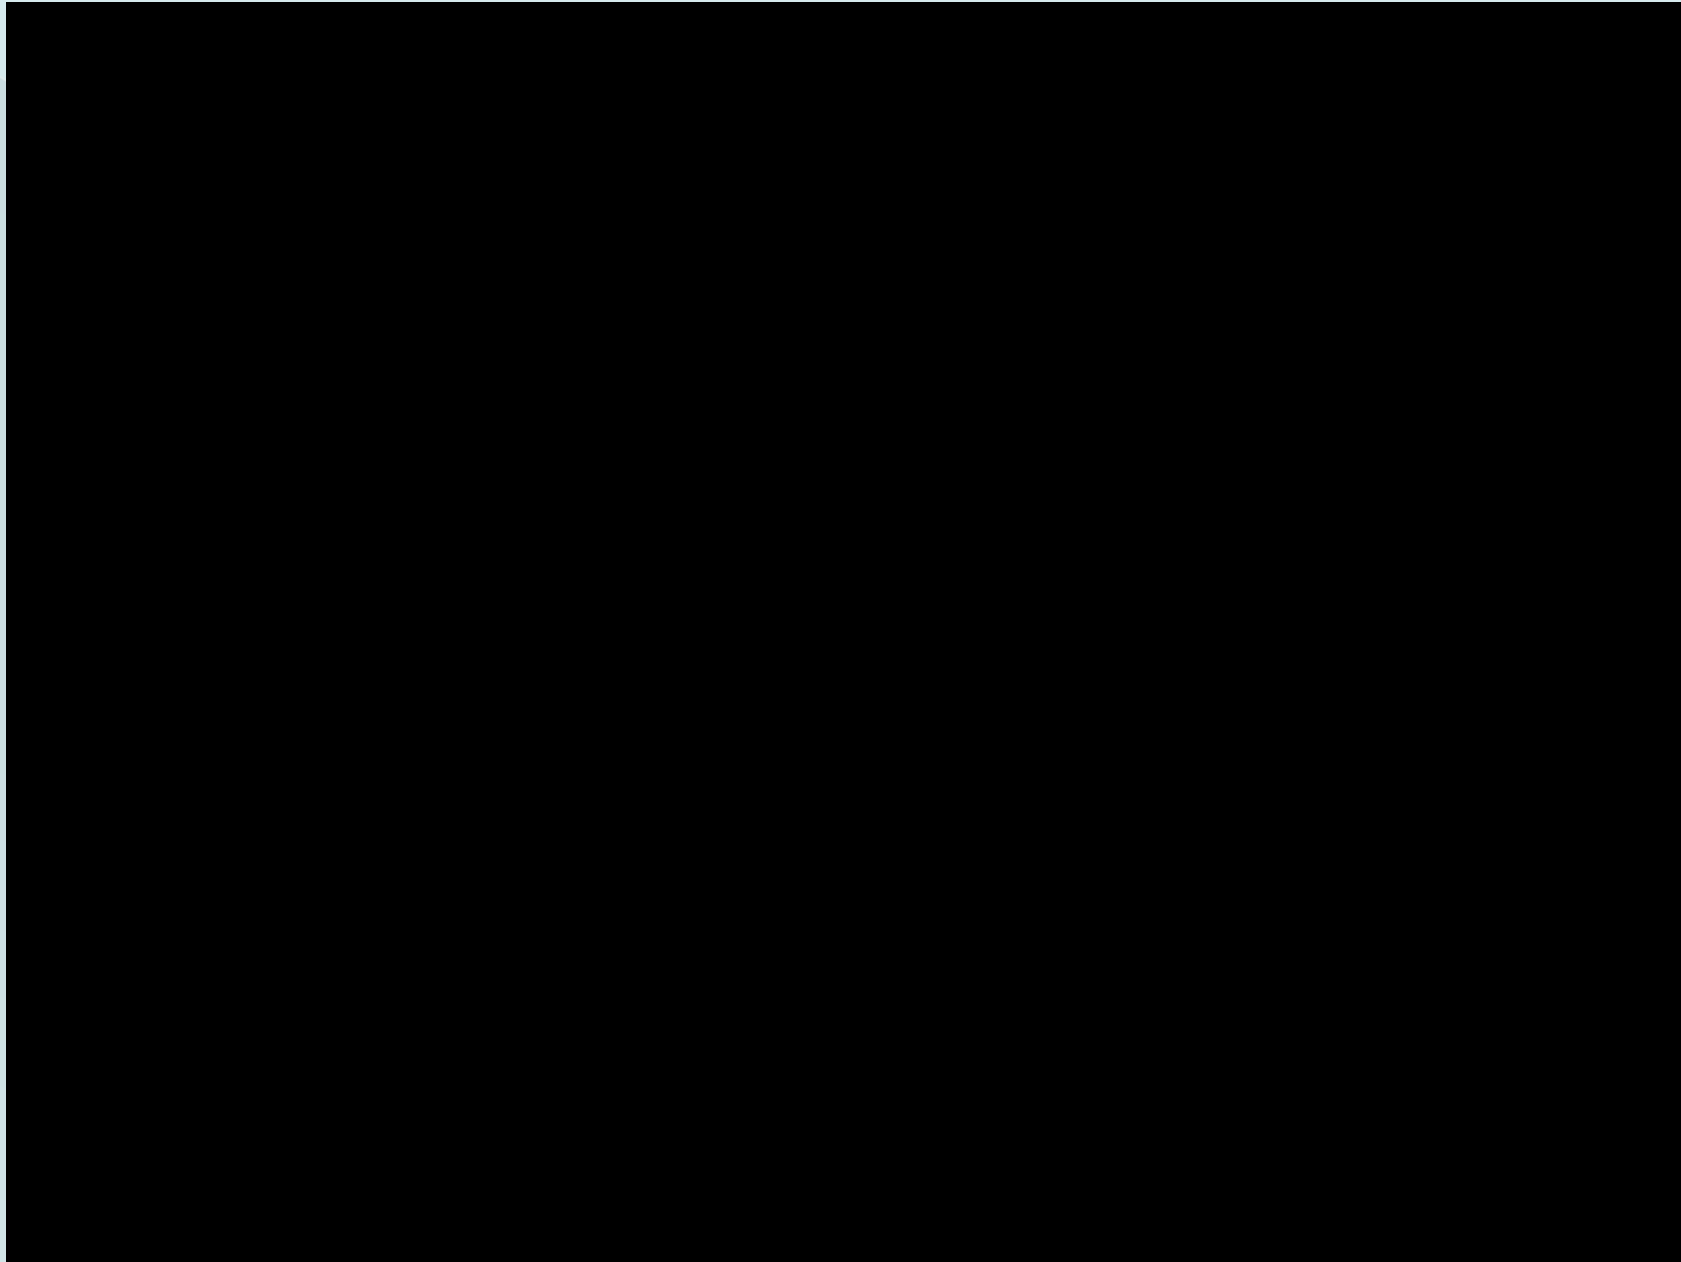

We are using two datasets for this project:

1. Orders
2. Details

## GOALS

We transform raw sales data into a visually appealing and informative dashboard that helps stakeholders make data-driven decisions.

# DASHBOARD

Thank You!!
